

Vice Chairman's Report

I started my time with the League of Friends in 2008 with the opening of the shop in December. A lot of hard work by all the volunteers to get this venture off the ground was achieved. We now feel that the shop has turned a corner and is improving daily.

At the Annual General Meeting in February of 2010, I was elected to join the officers as Vice Chairman. This proved very challenging and I hope that I have been able to bring a few ideas to the League. I look after recording the shop stock control, supporting the Shop Manager and shop team, between us looking at what needs to be replenished or new items to stock.

This post has opened my eye's to the amount of administrative work completed by our Chairman and, working with her, am slowly learning my way around the hospital systems.

My interests are knitting and sewing and I have been able to supply items for sale not only within the League of Friends shop, but also for our outdoor fund raising events.

I have plenty of new ideas to bring forward and I look forward to getting involved even more in all aspects of the fund raising within the League.

Rosemary Mathews

Vice Chairman
Burton Hospital League of Friends

Wendy and Rosemary at the South Derbyshire Liberation Day.
